

LIFT INSTALLATION WORKS COMPLIANCE CHECKLIST

ETU SAFETY ALERT - COMPLIANCE	YES	NO	DOCUMENTS CITED
Have the requirements of the following ETU Safety Alerts been met?			
Alert #37 - Licensing Requirements			
Alert #38 - Rescue Retrieval			
Alert # 39 - Pit Access			
Alerts #40 - Working on or near live electrical equipment			
Alert #41 - Working on top of a lift car			
Alert #42 - Suspended work platform certification			

This alert has been generated to ensure that all sites in Victoria are aware of the compliance requirements of all areas of lift installation and maintenance.

It is the recommendation of the ETU that if the answer is no to any of the above questions, work should cease.

Contact your designated Health & Safety representative, your local organiser, or David Tuddenham or Kris Gretgrix.
